# THANK YOU!

4<sup>th</sup> February 2025

Dear Roger,

I just wanted to take a moment to sincerely thank you for everything you did to make the online auction happen.

From the moment we reached out for assistance, you jumped in without hesitation, guiding us every step of the way with your experience and expertise. This auction simply wouldn't have been possible without you.

While some of our higher-reserve prizes didn't meet their targets, we are incredibly grateful for what was achieved—raising **R47,418.53** is a fantastic result, and these funds are vital in supporting the ongoing operational costs of managing the Trust. Your willingness to facilitate the entire auction without taking a percentage speaks volumes about your generosity and commitment to conservation.

We hope to host another auction in the future, with better timing, more preparation, and prizes with lower reserves, giving us an even better shot at success. But regardless of the outcome, we are beyond appreciative of all that you and *The Expedition Project* continue to do for ZCT and ZRO. Your support is invaluable, and we are incredibly lucky to have you as a long-time partner.

With heartfelt gratitude,

**Annie Peatling**
